### JULIANA TRAIL 270/16

NEW HIKING TRAIL IN THE JULIAN ALPS  
FROM OCTOBER 2019

The Julian Alps community is now more interconnected than ever before and we are creating a new sustainable future of green tourism as the opportunity for preserving cultural and natural assets of this fragile environment, where the balance between biodiversity and lifestyle has been preserved by our ancestors for centuries. RESPONSIBLE TOURISM IS NOW THE OPPORTUNITY OF OUR GENERATION.

To find, walk, learn and explore the unknown diversity, to offer and use what is unknown to others; this is a trail to which you are invited and which can draw your attention back to the originality and simplicity of life. This is a trail of personal pilgrimage to oneself, to pristine nature and its magical beauty, in the diversity of landscape and in biodiversity, in hidden and unknown places for meditation and in places with magical power (rivers, lakes, waterfalls, forests, exceptional trees, colourful flowers, rocks of unusual shapes), and in culinary, cultural, settlement and historical peculiarities.

In this sense, the Julian Alps provide a rich cache of unexploited opportunities. Beauty that takes your breath away. A place where you can enjoy views that are meant just for you! A place where we can prove that we have not forgotten nature and we have preserved it for all of you who decide to get away from the rumble of the tourist alpine trails. This new trail will not challenge your ability to conquer mountain peaks, but it will challenge you to find your role in relation to nature and responsible tourism.
