## DISCOVER SLOVENIA IN YOUR OWN WAY!

**You can discover the right accommodation for you anywhere in Slovenia, with a tent, caravan, motorhome or only your personal luggage, in an organised but completely natural environment!**

Campsites and motorhome rest areas as well as original glamping accommodation are available in Slovenia from **the Alps all the way to the Mediterranean, Karst, and the Pannonian Plain**. Since everything is close in Slovenia, you can decide to travel from place to place, staying in touch with nature, or choose a starting point from which you can explore all of the country, with the selected holiday location providing everything you could need for a pleasant stay.

Camps, glamping accommodation, and motorhome rest areas are **close to natural and cultural specificities** of the area. The views from your campsites can reach to the highest peaks and the wildest waters of Slovenia, to the Adriatic Sea, or the uniqueness of the karst cave landscapes, vineyard hills and the attractions of the green countryside. You will always be close to possibilities for activities in nature. All of Slovenia can offer **hiking and cycling experiences**, and you will often be close to excellent locations for **water and air sport activities**. In summer and in winter! Many Slovenian camps have playgrounds, entertainment, and pools available for children, and many offer guided tours and organised trips allowing you to really experience Slovenia.

Wherever you go, you can find **authentic local cuisine**. Slovenia was the first country in the world to earn the title of **Green Destination** as a whole, and will become a **European Region of Gastronomy in 2021**.

You can rely on the expected quality of equipment and services when choosing your camping destination in Slovenia. The Camping Association of Slovenia is a member of the European Federation of Campingsite Organisations and Holiday Park Associations.

# STARS FOR EQUIPMENT AND SERVICES IN SLOVENIAN CAMPS

## When choosing the right Slovenian campsite for you, you can rely on state categorisation

In accordance with Slovenian regulations, all Slovenian campsites are spatially functionally rounded, fenced, protected and lit at night. Access roads are always at least 3 metres wide. Campsite pitches are flat and tidy, with a parking area at the entrance. Regulations also provide for safekeeping of valuable items, a secure fire pit, a space to clean chemical toilets and drain faecal waste water, as well as at least three metres of space between tents. Each camping pitch is guaranteed 200 litres of running water per day. All camps have a regulated system for handling complaints from guests.

All campsites in Slovenia, with the exception of tourist farms camping, have obligatory star categorisation (from 1 to 5) indicating the category of equipment and service quality. More stars mean a higher category.

### ONE STAR CAMPS ★

The average size of the area for pitching a tent is at least 55 square metres. At least 40 percent of camping pitches have electric hook-ups.

### TWO STAR CAMPS ★★

The average size of the area for pitching a tent is at least 60 square metres. At least 50 percent of camping pitches have electric hook-ups. The campsite has an internet access option.

### THREE STAR CAMPS ★★★

The average size of the area for pitching a tent is at least 70 square metres. At least 70 percent of camping pitches have electric hook-ups. Camps also have:

- an internet corner,
- a children's playground,
- organised recreation for guests,
- a shop with food, and a restaurant or café, if there are no food and beverage establishments within 500 metres of the site.

### FOUR STAR CAMPS ★★★★

The average size of the area for pitching a tent is at least 80 square metres. At least 80 percent of camping pitches have electric hook-ups, and at least 30 percent of camping pitches are marked. Camps also have:

- wireless internet connection at 50 percent of camping pitches,
- shop selling food,
- common social area for guests.

### FIVE STAR CAMPS ★★★★★

The average size of the area for pitching a tent is at least 90 square metres. All camping pitches have electric hook-ups, and at least 50 percent of camping pitches are marked. Camps also have:

- wireless internet connection for all camping pitches,
- hot water throughout,
- restaurant and shop selling food.

# ABOVE STANDARD GLAMPING IN SLOVENIA

## Discover original accommodation, connected to nature, in all Slovenian regions

According to Slovenian regulations, innovative accommodation in a natural environment with a touch of luxury is above standard supplemental offer of various accommodation and food establishments. In addition to camps, glamping can also be available at hotels, motels, pensions, inns, bed and breakfasts, and holiday

apartments. There is no official categorisation for glamping, but we have assessment criteria of specialised companies, who award categories to glamping sites (e.g. stars) as part of their brands. Minimum standards for every glamping accommodation site are sanitation, running water, and waste recycling containers.

Glamping in Slovenia has been developing for decades. Accommodation is possible in wine barrels, treehouses, beehives, hay barns,

wooden (also heated) tents and cabins, cabins on water, Indian tipi tents and oriental yurts, cowboy carriages, traditional Pannonian thatched houses, Celtic chalets, luxury mobile homes, cottages shaped like hayracks or mills, safari tents and much more. You can glamp in almost any natural environment – from vineyards to the mountains, lakes, or parks. Slovenia also has glamping resorts, such as green villages, glamping parks, eco glamping sites and eco-friendly boutique tourism areas.

# RELIABLE MOTORHOME REST AREAS

## Stopping at a Slovenian rest area ensures a peaceful stay

Slovenian regulations define motorhome sites as rounded, spatially and functionally regulated and equipped land areas

intended for motorhome parking for the purpose of rest. The rest areas have an entrance ramp, flat surface with marked vehicle parking spots, electric hook-ups for all marked parking spots, running water, waste recycling containers and an area to drain black and grey water tanks.

Motorhome rest areas in Slovenia are not required to have a café or restaurant, but those are often close to the parking site. Slovenian motorhome rest areas are not categorised.

# ALPINE SLOVENIA

*Being active  
in the highest mountains  
and the wildest waters*

Bled

Alpine Slovenia a world of friendly, accessible hills and mountains. On one side of the country, the natural treasures of the Julian Alps are protected by the mythical Goldhorn, and on the other the Pohorje Massif reaches all the way to Maribor, the town with the world's oldest vine.

Slovenian highest peaks and the most picturesque rivers, lakes, and waterfalls allow you to combine your choice of camping, glamping, or caravanning with

hiking and cycling in the Julian Alps, Kamnik–Savinja Alps, and Pohorje.

The camps in Alpine Slovenia are also connected to excellent water sport options, such as lake rowing or rafting, kayaking or canoeing on crystal-clear rivers. True challenges are also available for fans of fishing and fly fishing.

Discover Alpine Slovenia responsibly. Arrange guided tours in camps!

## ON THE SHORE OF SLOVENIA'S MOST BEAUTIFUL LAKE

Choosing a green valley that touches the shore of Lake Bled for your destination in nature, you can indulge in relaxation by the water in the soothing Alpine climate, or make your vacation more adventurous by cycling, hiking, rafting, exploring canyons or enjoying other outdoor experiences. The campsite by the famous lake is an excellent starting point to explore Slovenia.

## DISCOVER BLEED, THE ALPS, AND SLOVENIA

Bled will amaze you with its lake and island, castle on the cliff, nearby Vintgar gorge, and other natural and cultural attractions. Slovenia's highest mountains awaken the desire for outdoor activities. The capital of Slovenia is only a 40 minute drive away. All of Slovenia's diversity is accessible from the camp in one of Europe's most beautiful Alpine resorts!

## AMONG THE PINE TREES BY CRYSTAL CLEAR WATERS – YOUR PLACE IN NATURE

Sheltered by the mighty Karawanks and Julian Alps, between the extremely clean Sava Dolinka river and Šobec natural lake with a beach, a camp that exceeds expectations has been welcoming visitors for over 60 years. The camping pitches and wooden cabins are surrounded by pine trees emphasising the peacefulness of natural living. The sporting facilities and beautiful surrounding towns and villages allow for recreation and selected adrenaline experiences. Meet Camp Šobec – a unique piece of nature that will help you escape the loud reality of daily life and re-establish internal balance.

## TASTE THE LOCAL DELICACIES

In addition to a shop and sporting facilities, the camp features an excellent restaurant, built from wood in the typical Gorenjska regional style. Here you can taste the home-made Gorenjska cuisine, prepared from local ingredients sourced from neighbouring farms.

## THE LUXURY OF TREES AND WATER

Just 300 metres from Lake Bled, between the trees, pond, creek, and garden, you can find astonishing wooden cabins, glamorous tents and tents on a pier. On this sunny estate, once a nursery for plants, the trees are not only your companions, but your cohabitants. One of the cabins has eight trees growing through its midst! This unique arrangement received the Sejalac award for the best idea in Slovenian tourism and the TripAdvisor Certificate of Excellence.

## DELICACIES FROM THE LOCAL GARDEN

A part of the village is the Vrtnarija restaurant, enriching the traditional Slovenian cuisine with delicacies from their own garden and local farms. The tour of the vegetable, herb, and fruit garden is one of the powerful experiences offered by this unique site for a life in contact with nature.

# COMBINE CAMPING AND THE BEST EXPERIENCES IN ALPINE SLOVENIA

Triglav National Park

## ENJOY TRIGLAV NATIONAL PARK IN A NATURAL FASHION.

The park's trails will lead you to countless gems of nature. Observe and take photos of wildlife in the company of a tour guide or visit multi-vision presentations and exhibitions at its tourist information centres.

## IN THE SOČA VALLEY.

Enjoy rafting, canyoning, the longest zip line in Europe, and other sports and adrenalin challenges. Visit natural swimming spots or go fishing. Enjoy views of the Soča from the air or from vantage points on hiking trails. And while you certainly don't want to miss out on tasting world-renowned culinary delicacies prepared by chef Ana Roš, you could drop by at several other gastronomic stops by the Soča River.

Soča River

Bled

## ENJOY BLED IN A COSMOPOLITAN FASHION.

Take a ride in a pletna boat to the island of Lake Bled, the icon of Alpine Slovenia, ring the bell in the church for good luck, visit Bled Castle for the most impressive views, and taste the famous Bled cream cake.

Lake Bohinj

## ENJOY BOHINJ RESPONSIBLY.

Bohinj, a town in the Triglav National Park, is a town included in the Alpine Pearls network, which supports environmentally friendly travel. Travel here by public transport. Hop aboard the museum train and take a ride on the picturesque railway. Visit the International Wildflower Festival.

Maribor

## BE SURPRISED IN MARIBOR AND POHORJE.

The oldest vine in the world awaits you in the centre of Maribor. Green hills with ski slopes, hiking and mountain trails, and the Zreče Health Resort are all just a stone's throw from the city. Feast your eyes on the picturesque vineyard-covered hills on the outskirts of the city.

Logar Valley

## ENJOY THE LOGAR VALLEY FROM A PANORAMA.

You will be taken aback by views of one of the most stunning glacial valleys in Europe along the Solčava panoramic road. Hike to the Rinka Waterfall and visit some artisan homesteads in the area.

### DESCEND INTO A KARST CAVE

Only three kilometres from the world famous Postojna Cave, next to the connected Pivka Cave, the campsite works as the best starting point to discover the beauties of the Karst. Right next to the camp, stairs have been cut into the rock, down which a guide will lead you to Pivka Cave. The excellently furnished camping areas are supplemented by sports grounds, as well as a swimming and children's pool.

# COMBINE CAMPING AND THE BEST EXPERIENCES IN MEDITERRANEAN & KARST SLOVENIA

## NOBLE HORSES.

After you've seen the oldest stud farm of the white Lipizzaner horses in Lipica, why not treat yourself to the Lipica Classical Riding School show, a museum visit, horseback riding or a carriage ride?

## WORLD FAMOUS.

Hop aboard a train on the oldest cave railway in the world, which will take you deep underground to see the cave formations of the Postojna Cave, the most visited Karst cave in Europe. Another holder of a world record is nearby: the Predjama Castle built within a 123 metre cave mouth.

## KARST'S UNESCO HERITAGE.

The Škocjan Caves are a part of UNESCO's world heritage and are a diverse cave system with the largest underground canyon in the world. Visitors cross a bridge 50 metres above an underground river to see the underground canyon in the Škocjan Caves. The park nearby the caves boasts all the characteristics of the Classical Karst.

## URBAN IN A MEDITERRANEAN FASHION.

# LJUBLJANA & CENTRAL SLOVENIA

*A lively time  
in the capital,  
and green throughout*

Ljubljana and Central Slovenia are an excellent starting point to fall in love with everything Slovenia has to offer. The capital, the name of which in Slovenian sounds like “loved one”, lives with a thousand faces of urban culture and art, festivals, and events. It connects to the marshes, where the world’s oldest wheel was discovered. The green paths criss-crossing Central Slovenia lead to UNESCO heritage places of humanity and to ancient forests!

Camps in this area invite you to discover the Kamnik–Savinja Alps with all the options for outdoor activities, wanderings across the Kočevsko and Bela Krajina regions, where you can enjoy the adventures on Slovenia’s warmest river, and getting to know the European Green Capital of 2016. You can discover Ljubljana on foot, by bike, boat rides, or even by stand-up paddle boarding on the River Ljubljanica!

## THE GREEN OASIS IN THE CAPITAL CITY

The tourist-relaxation centre Ljubljana Resort (Ježica) on the outskirts of Slovenia's capital stretches over five hectares of green areas under tall trees at the bank of the River Sava. The old town centre, easily accessible by bus or bicycle, is only 4.5 kilometres away. In addition to the camp, where you can rent mobile homes, there is also a hotel, restaurant, the best summer swimming pool in Slovenia with numerous water attractions, a large fitness centre, and beach volleyball courts.

## EXPLORE LJUBLJANA, ENJOY RECREATION

In addition to exploring the attractions of Ljubljana, the resort offers a wide range of recreation possibilities: fishing on the River Sava, tennis, golf, cycling, hiking, horse riding, kayaking, and canoeing. The camp, which is close to the city bypass, is also a perfect starting point for day trips anywhere in Slovenia.

## TRAVEL GREEN IN SLOVENIA

The Slovenian language has helped preserve Slovenian culture and sovereignty for millennia.

Our language uses the T-V distinction between informal and formal address (tikanje and vikanje) and is one of the few that preserved the loving dual grammatical number. Try to learn some basic words and phrases that will bring smiles to the faces of your Slovenian hosts everywhere in the country (hello = dober dan, thank you = hvala, how are you = kako si, this is very good = to je zelo dobro).

So many adventures,  
so many stories.

## GETTING TO AND AROUND SLOVENIA

### SO DIFFERENT. SO ACCESSIBLE!

Everything is nearby in the only European country where the Alps, the Mediterranean, the Karst and the Pannonian Plain meet. It is only up to a two-hour drive from the capital and Central Slovenia to even the most remote corners of Slovenia. This means that you can experience four different worlds in a single day in Slovenia. But even a brief encounter with each of them fuels the desire to spend more time discovering its special features and to return to Slovenia.

### EASY ACCESS

Slovenia is situated in Central Europe and borders Italy, Austria, Hungary and Croatia. It is only a few hour drive away from Venice or Vienna. Slovenia is easily accessible from all neighbouring countries, as it has good road and rail connections, with daily flights from many European cities. Since it is a coastal country, you can also get to Slovenia by sea.

### FLY TO A NEARBY PLACE

Distances between nearby airports and Ljubljana:

- Venice, Italy • 240 km
- Zagreb, Croatia • 140 km
- Trieste, Italy • 100 km
- Vienna, Austria • 380 km
- Klagenfurt, Austria • 100 km
- Graz, Austria • 190 km

## TO SLOVENIA BY CAR OR MOTOR HOME

A car allows the easiest way to travel around the country. For driving on motorways, it is mandatory for you to have a vignette. If you choose to come to Slovenia by car, here are some **useful tips on road use in Slovenia** and what items you will need.

The following speed limits apply on Slovenian roads:

- built-up/residential area 50 km/h
- regional roads 90 km/h
- express roads 110 km/h
- motorways 130 km/h

Among the traffic regulations you should note the **obligatory use of dipped (low-beam) headlights** even during daytime driving. **Use of fog lights** is permitted only where visibility is reduced to less than 50 metres. The driver and all passengers in the vehicle must wear **seat belts**. You must carry in your car the **obligatory equipment**, which includes a safety triangle, a spare set of lights, a first aid kit and a reflective vest. From **15 November to 15 March** your vehicle must have **winter equipment** – winter tyres with a profile of at least 3 mm or summer tyres and snow chains in the boot (trunk). The maximum permitted blood **alcohol level** for drivers is **0.5 parts per thousand**. Since alcohol breath tests for drivers are very common, it is **better to not drink anything**.

## ROADSIDE ASSISTANCE

Avto moto zveza Slovenije – AMZS provides 24-hour assistance and towing. If you break down, call 1987.

## VEHICLE RENTAL

You can rent a car at specialised agencies in towns and at airports. Fleets comprise vehicles of various categories. To rent a car you need to be at least 21 years old and have held a driving licence for at least two years. Some car rental agencies require a young driver surcharge payment for drivers aged between 21 and 25.

## VIGNETTE FOR SLOVENIAN MOTORWAYS FOR VEHICLES UNDER 3.5 TONNES

**Motor cycles, private cars and vans** whose maximum permitted **weight does not exceed 3.5 tons** must display a **vignette to use all Slovenian motorways** and those express roads managed and maintained by the toll road operator. You can purchase vignettes at **all petrol stations in Slovenia** and in **neighbouring countries** as well as at branches of national and foreign automobile clubs, at post offices in Slovenia and at some kiosks. Do not risk driving on the motorways without the vignette sticker, since the penalties are severe.

More information about vignette:  
[www.dars.si/tolling](http://www.dars.si/tolling)

## DARSGO – A NEW TOLL SYSTEM FOR VEHICLES OVER 3.5 TONNES

On 1 April 2018 a new method for toll payment based on the new DarsGo electronic toll system in free traffic flow has entered into force for **all vehicles exceeding 3.5 tonnes** in weight (lorries, **motor homes** and coaches). **The Slovenian motorway network can only be used by those heavy vehicles that are registered in the system and that carry the DarsGo device**, which can not be transferable between vehicles. In the DarsGo system, toll charging is fully automated and based on the distance travelled. Do not risk driving on the motorways without the DarsGo device, since the penalties are severe.
